

‘Then, looking up to heaven, He sighed and said to Him, “Ephphatha”, that is, “Be opened.”’ **Mark 7: 31 – 37**

What a superb start to our school year. The children look incredibly smart in their school uniforms and we had our very first whole school assembly this week. What a treat to see all our children together again. Celebration assembly returns next week, this will be for invited parents only to begin with, but we are hoping that as the year progresses we can have more events where parents can join us here in school. We have some new staff, Mrs Rose in the office and Miss Henderson in Rowan class. We are very pleased to welcome them as part of our St. Leonard's family.

God Bless

Mrs Robertson

Communication

This is so important between home and school and we endeavour to pass on information to parents as soon as we can. Keep checking parent pay emails and the school website for letters and information

Class Dojo

We have had some technical difficulties with some of the setting up of Class Dojo, as soon as it is fully working we will let you know. Please email or call the school office with any queries.

September

- 13th: Extra curricular activities begin
- 16th: Meet the Teacher 3.45-4.15pm or 4.30-5.00pm (joining instructions to follow)

October

- 1st: Family Fast Day
- 6th: Phototronics—school photos
- 12th: Parents Evening
- 13th: Parents Evening

NB: Dates may be subject to change

St. Leonard's Church grounds

I ask all parents and carers not to gather outside school grounds and particularly not in the grounds of the church. Please ensure that your child/children do not run around on the grass in the church yard. Father Humble has very kindly allowed us access through the church grounds, please help to teach the children to respect this sacred space.

New Covid-19 advice

You may be aware that the advice for schools regarding covid-19 has changed since last year. Some things we are keeping the same such as the one way system for drop off and pick up and the regular hygiene of sanitising and cleaning within school and some things have changed, especially around bubbles and isolations. Please read the leaflet attached.

Extra Curricular Activities

We are being cautious and introducing extra curricular activities in a measured way so this term we will have Football for Y5/6, Y3/4 and multi sports for Y1/2. As the year progresses we hope to include a wider variety of extra curricular activities across the school.

Data collection

We are moving to a more efficient data collection system and you will be asked to complete a new form. This will be sent out to parents next week.

Term Dates 2021-2022	
Autumn 1 —7th September to 21st October	Autumn 2 —1st November to 17th December
Spring 1 —4th January to 18th February	Spring 2 —28th February to 8th April
Summer 1 —25th April to 27th May	Summer 2 —6th June to 22nd July

HM Government

Taking your child to primary school: what you need to know

School is the best place for your child to be.

With the easing of COVID-19 restrictions, children are now able to enjoy more freedom in their education.

Being at school keeps children's education on track, so they can achieve their full potential, while also benefitting their mental and physical health and wellbeing.

We are doing everything we can to ensure your child can continue to attend school.

What COVID-19 measures will change at my child's school?

School will feel different for your child as COVID-19 measures are relaxed.

- Bubbles and staggered start and finish times are no longer advised
- Children can again have breaktimes and lunch together and take part in practical lessons and sports with other classes and year groups
- Face coverings are no longer required for staff or visitors
- Schools are advised to continue with regular handwashing, cleaning regimes, and to keep spaces well ventilated
- If your child is identified as a close contact they will not need to self-isolate
- Schools will have plans in place on what to do if anyone at school tests positive for COVID-19, or if additional measures are needed to be reintroduced for a limited period

Should my child attend school?

Yes, attendance is mandatory. Public Health England and the Government's Chief Medical & Scientific Officers agree that there is a very low risk and rate of severe illness in children from COVID-19.

The benefit of attending school continues to significantly outweigh the COVID-19 health risk to children. If you have concerns, you should discuss these with your school and local authority so that your child is able to continue attending school.

What should I do if my child has COVID-19 symptoms?

If your child has any of the main COVID-19 symptoms (a high temperature, a new continuous cough, or a loss or change to sense of smell or taste), they should not attend school and should stay at home.

You should arrange for them to get a **PCR test** and tell your child's school the test results. Your child should not attend school while you are waiting for test results, even if they are feeling better.

If the test is negative, they should go to school as normal. If they test positive, they should continue to isolate and follow public health advice.

What happens if my child has been in contact with someone with COVID-19 symptoms?

If your child has been identified as a close contact, you will be advised that your child takes a PCR test.

They will not have to self-isolate, unless they have a positive PCR test result.

Will my child be vaccinated?

Children at primary school are not being offered the vaccine. Only young people aged 16 to 17 have currently been offered the vaccine, as well as children aged 12 to 15 with specific underlying health conditions or who live with others at increased risk of getting seriously ill from COVID-19 are now also eligible for the vaccine. All school staff have now been offered the vaccine.

If my child was previously considered as clinically extremely vulnerable (CEV), should they attend school?

Yes. All children who were considered as CEV should have returned to school following the end of shielding measures on 1 April 2021.

Further guidance will be given to parents of children who were previously considered clinically extremely vulnerable where necessary.

Will my child be required to continue any remote learning?

If your child is isolating due to a positive PCR test, schools will continue to implement high-quality remote education so that children can learn from home if they are well enough.

How will my child catch up on any lost learning?

There is lots of support available to help your child catch up on any lost learning over the course of the pandemic or to boost their wellbeing.

To find out more about what's on offer and who's eligible, visit: <https://educationcatchup.campaign.gov.uk/> or speak to your child's school.
