Dear parents and carers,

Summer Sun

Well, here we go again with our two weeks of Summer sunshine ahead of the rain that is likely to come during the holidays! Can I remind all parents of the importance to put sun cream on your child before they come to school in the morning and ensure they have a sun hat or cap to protect them against the heat. Also, please ensure your child has a water bottle in school to ensure they stay hydrated.

First Holy Communion

Just a reminder that those children celebrating their First Holy Communion on Saturday will need to be at Holy Rosary church from 10 am, and no later than 10.15 am. Pews will be labelled with the child's name.

Summer Fayre Donations

We are starting to collect donations for the Summer Fayre that is being held on July 8th between 11am and 2pm on the school yard (weather permitting). We need a wide range of good quality school uniform that you no longer need, quality toys to sell and teddy bears and cuddly toys for the stalls. We also would appreciate any donations of chocolate and bottled items for the tombola. If you have any unwanted gifts and items that are unused, we also are looking for raffle prizes – all donations will be greatly appreciated and will go towards raising money for outdoor play equipment for your children. Thank you!

Reception class outdoor learning environment

On Friday 9th June, the new Reception class outdoor area was opened. The children, staff and parents had a lovely time exploring the different purposeful areas. I appreciate that not all parents were able to make the afternoon 'stay and play' session, therefore there will be a further opportunity to work alongside your child at the next open morning on Friday 23rd June at 9.00 am.

Developing our balancing skills on the new climbing frame or...

relaxing with a good book in the outdoor reading area.

Building in the construction area or creating delicious recipes from mud? Alternatively, exploring measuring and direction in the water tray.
